

**Name of the Event: Workshop on “Collective action on green transformative pathways in Jharkhand”**

**Date: 12<sup>th</sup> February, 2024**

**Venue: Ranchi**

On 12th February 2024, a workshop was organized in Ranchi on the topic “**Collective action on green transformative pathways in Jharkhand**”. This workshop was organized to fulfill several objectives for large scale adoption of regenerative agriculture in the state. In the program,

stakeholders shared the rationale behind adopting regenerative agriculture. They also deliberated on the barriers are likely to arise in this and potential of regenerative

agriculture in Jharkhand. It was also discussed the kind of required ecosystem for adopting regenerative agriculture in the entire state. 35 participants including various stakeholders, experts and practitioner of Jharkhand having better understanding of regenerative agriculture were present in this workshop.
